

## **TRPEF Certification Scholarship Application**

---

The Tennessee Recreation and Parks Education Foundation (TRPEF) is committed to professional development. We are proud to pilot a new scholarship initiative for our membership, to encourage and support professional certification.

The Certified Park and Recreation Professional (CPRP) certification is the national standard for all parks and recreation professionals who want to be at the forefront of their profession. Attaining the CPRP designation shows that you have met education and experience qualifications, and illustrates your commitment to the profession as well as your knowledge and understanding of key concepts within parks and recreation.

The Certified Park and Recreation Executive (CPRE) certification establishes a national standard for managerial, administrative and executive parks and recreation professionals. This mastery-level credential focuses on the practical knowledge and current real-world skills necessary in today's changing park and recreation environment.

Applicants must meet the following criteria:

- Currently employed as a professional in the field of Parks and Recreation in the State of Tennessee or a student majoring in Parks and Recreation at a Tennessee University.
- Current Member of Tennessee Recreation and Parks Association
